

BE PART OF CRONULLA'S FIRST INTERNATIONAL TRAVELBALL TEAMS

COOPERSTOWN NY USA – JULY/AUGUST 2019

The CSJBA have a proud tradition of having their Little League Majors, Junior League and Senior League Representative Teams qualify for their respective National Tournaments each year. We have shown that Cronulla are one of Australia's strongest 'Charters' having won a number of National Titles, and since Australia gaining direct qualification to the World Series in 2014, and have had the following teams go on to represent the Australia Region in their respective World Series: -2015 –Little League in Williamsport Pennsylvania USA 2016 –Junior League in Taylor Michigan USA 2018 –Senior League in Easley South Carolina USA

Up until this year Australia has enjoyed concessions from Little League International. One of these has been the ability to have one representative team for each ten division one teams in an age division. From the 2018/19 season and beyond, this now changes to one representative team for each ten teams across an entire age division. So for 2018/19 the CSJBA would be required to send 2 teams of equal ability to the Junior League and Senior League Championships, reducing the likelihood of advancing in these tournaments.

What is the CSJBA doing to ensure our players get the opportunity to play tournament baseball beyond the State Championships?
